Students & Adults

Are You Concerned with How Technology Has Changed the Way Your Child Communicates?

Social Media: Your Digital Tattoo

This powerful program has been presented to over **250,000 students**. It covers the basics concerning the evolution of the mobile and broadband world as it relates to student communication, including: sexting, bullying, mental health and social networking. We'll cover the causes, the technology and how parents, staff and students can help control these trends.

Stephen Smith, Director of Educational Leadership at Cincinnati Bell,

is a former high school coach and teacher who also has over 35 years experience in the world of film, video and Information Technology. For the past 15 years he has worked exclusively in the IT industry. He will provide an overview for parents and others on the consequences of student sexting, cyber-bullying and online privacy — while also examining the technologies that enable but can also reduce these practices.

Steve also writes a blog for parents entitled:
