

Our 2016 Annual Campaign honors commitments that extend beyond physical spaces. This intimate involvement has provided the Foundation the vision to further enhance the WHHS experience by expanding the menu of opportunities. The Walnut Hills High School Alumni Foundation works on a daily basis to make sure teachers, staff and students have the tools and support needed to do what they do best: teach and learn. We have showcased throughout this edition of the Chatterbox specifics on how your contributions to our Annual Fund are allocated. They make the difference in our quest for excellence. Your support gives us the foundation from which to explore new horizons, creating an environment that continuously produces extraordinary individuals who will lead us into the future and make us proud of their efforts. History walks these hallways and keeps us ever on our toes, for we have much to remember and much to celebrate. Please join us with your support.
